### RUGGED DESIGN

Engineered and built tough with quality components, steel and powder coat paint.

### HEAVY-DUTY INDUSTRIAL ENGINES

We have partnered with engine manufacturers that specialize in heavy duty industrial engines. Our gaseous use Zenith Power Products and PSI engines. Our diesel use FTP (case Industrial) and Isuzu.

### STANDBY

Whether its for a home, farm, or business, these units are ready when you need them.

### DIGITAL CONTROLLER

Provides detailed operating and diagnostic information through its digital display.

### 100% LOAD TESTED

Every generator is full load tested before it leaves our facility.

### STRONG HISTORY

WINCO has been building dependable generators since 1927.
